summary

I am Jatin Thakur, a budding web developer who is currently learning React.js. I have a good grasp of HTML, CSS, JavaScript, Bootstrap, and Firebase as a Backend technology.

Education

Abes Institute of Technology, B.Tech in Computer Science and Engineering   2022 – 2026
- Avg GPA: 7.5/10.0

Azad public School, 12th by Central Board of Secondary Education.   2021 – 2022
- Percentage: 87.00

Saint Momina School, 10th by Central Board of Secondary Education.   2019 – 2020
- Percentage: 84.3

Projects

Cookie Music   Jatiiiiiiiin/cookiemusic
- Cookie Music is a completely ad-free music streaming application built using raw HTML, CSS, and JavaScript. For backend authentication, we used Firebase as a database. This project ensures a seamless music experience with a user-friendly interface and smooth performance.
- Tools Used: HTML, CSS, JavaScript, Firebase

Abesit web-page Replica   Jatiiiiiiiin/abesit-clone
- The first project of my web development journey was an ABSIT College web page clone, built entirely using HTML and CSS. This project helped me understand the fundamentals of web structure and styling, improving my skills in layout design, responsiveness, and overall website aesthetics.
- Tools Used: HTML, CSS

Technologies

Languages: C, javaScript

Technologies: HTML, CSS, Canva, Figma, cloud

Certification

Google Cloud Study Jam
- This campaign provides complete information on generative AI and Api's

Softpro: Design to Deploy Workshop
- Softpro: Design to Deploy Workshop is Softpro's web development workshop to equip learners with the necessary skills and knowledge in designing and deploying websites.

DECODE THE PIXELS
- College level technical competition.

achievement

Attended hackaccino
- Organised by Bennett University

Attended hacknovate 5.0
- Organised by Abes Institute of Technology
